Profile

A highly focused, collaborative, and service-driven professional with extensive experience in leadership, communication, team coordination, and stakeholder engagement, seeking a data analyst position with Educators Financial Group. I bring strong problem-solving and training skills, along with commitment to accuracy, relationship building, and continuous learning. Drawing on more than 20 years of leadership experience, I am committed to delivering actionable insights that improve organizational efficiency, support informed financial decision-making, and strengthen relationships within the education community.

Experience

Diocese of Fredericton: Parish Priest **2023 - Present**

- Increasing Collaboration between volunteers through regular coaching and shared activities
- Increasing outreach to Foodbanks and school in the community
- Increased voluntary contributions through problem-solving and innovative thinking
